WELCOME TO TRANQUILITY

SAKINA: [SAH•KEE•NAH] MEANING TRANQUILITY

Set high above tropical gardens, Sakina Ocean Spa is a unique relaxation and therapy experience. Our talented team of therapists have been individually trained by the AFRICOLOGY organisation, to meet exacting standards and to create the first AFRICOLOGY Ocean Spa in Kenya. The Eco friendly ethos is inspired by nature's pharmacy, using healing ingredients from indigenous African plants creating inspired treatments for your mind, body and soul.

Scented treatment rooms include single, double and hydro therapy facilities, all with mood lighting and soft sound options. There are cooling Indian Ocean breezes on the shaded roof terrace which features an open air spa pool and is a perfect place to relax with friends: enjoy manicure and pedicure treatments, whilst sipping refreshing fruit cocktails or healthy juice boosters.

FACIAL EXPERIENCE

Africology Express Facial

45 mins

For the executive on the go, this facial rejuvenates the skin and relaxes you without putting a dent in your schedule. Our pure, natural ingredients feed the skin and return the youthful glow often dulled by stress.

Aloe Ferox Firming Facial

75 mins

Africology's answer to botox! To create youthful, resilient and buoyant skin, aloe ferox helps to calm, lift and firm naturally by encouraging fibroblast growth and repair. Blended with a potent combination of healing honey, tripeptides, and retinal palmitate (vitamin A) to stimulate collagen and elastin growth, creating a rejuvenating, youthful appearance.

Antioxidant Rejuvenating Facial

75 mins

An anti-ageing treatment designed to combat the effects and signs of ageing. The unique layering process tones, soothes and brightens the skin, revitalising in the long term while providing an immediate, healthy glow. By combating free-radicals and boosting collagen, it has an immediate toning and smoothing effect on the skin, plumping fine lines and reducing pigmentation and inflammation with vitamin C.

African Goddess Facial®

90 mins

Beginning with the mentally relaxing notes created by a Tibetan singing bowl, the African Goddess Facial is a treatment designed to honour the goddess within. Our de-stressing, anti-ageing, cell-renewal facial is rich in natural oils. Deeply hydrating, it restores elasticity and stimulates new cell growth. The back is scrubbed before a balm-infused back massage. Only once the back has been restored to its relaxed state does the facial begin. This treatment is a wonderful ritual that involves cleansing, massage and sound therapy, making it a sacred and sensory way to celebrate the goddess within.

Africology Deep Cleanse Facial

60 mins

A deep cleanse can leave the skin looking refreshed and more youthful. By using our gentle exfoliating cream and hot mittens, we purify the skin without the long-term damage usually caused by steaming and harsh exfoliators. An exfoliation with massage that stimulates and uplifts tired and dull skin, and clears problematic skin.

Africology Bespoke Facial®

80 mins

Our bespoke facials are designed specifically with each client's needs in mind. We offer a variety of serums that will address particular skin issues. Depending on which serum the client chooses (with the guidance of your trained therapist), each facial is specially made for each client. Like the phases of the moon, we would like to keep the hormonal phases of the body in natural rhythm. Just as your eyes are the windows to your soul, your face is the mirror of your inner feelings, the image that you present to the world. No two faces are the same, and so here at Africology, we acknowledge the need for skin treatments that are designed with your skin's needs in mind.

BODY EXPERIENCE

Intuitive Herbal Oil Massage®

30 mins (Back)

60 mins (Full Body)

You may choose from a range of Africology aromatherapy-infused massage oils, which are warmly applied and massaged deeply into the body. This therapy works on tight muscles and lymph drainage, combating tension in stiff aching bodies. Massage is combined with herbal bags to improve circulation and absorption of essential oils. Your therapist will assist you in choosing the oil best suited to you from one of the following blends: Relaxing, Slimming Detox, Muscle Relaxing and Energising.

Soul of Africa Body Conditioning Massage®

90 mins (Full Body)

Africology admires and emulates this ceremonial process, using Africa's miracle Marula oil blended with Neroli to soften signs of ageing through its anti-stress action. In Africa, Marula is also used to treat sun-damaged skin as it improves skin hydration and helps fight free radicals. This treatment starts with the application of warm, soothing mud to release negativity stored in the muscles. Then Marula oil is applied in preparation for your intuitive body and scalp massage.

Shaman's Healing Journey

90 mins (Full Body)

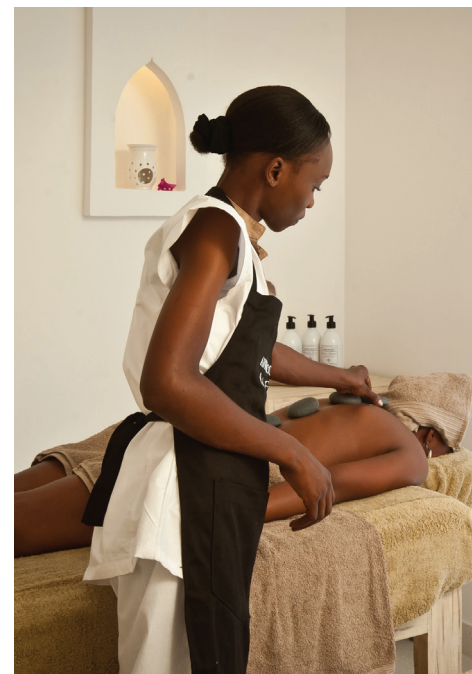

A gentle, kind and warm rose quartz crystal massage that releases pent-up energy likely to cause muscular stress. The body is gently stretched while heat is applied to unlock the muscles, followed by a rhythmic and relaxing massage. A beautiful way to balance the body's energy centers to create optimum health and well-being.

Africology Shea Aromatherapeutics

45 mins (Back)

75 mins (Full Body)

Easy-melting Shea from Ghana blended with healing African potato, rooibos and natural essential oils creates a sublime, beautiful body experience. Shea, normally as hard as rock, once applied to the skin melts deeply into the upper layers of the dermis to hydrate, soothe and condition. The Shea is combined with your sensory selection of various essential oils such as exotic jasmine, neroli, or chamomile for a soothing and calming massage or perhaps black pepper balm for a deep tissue experience.

Intonga Amasatchi®

75 mins (Full Body)

We know that the body has a memory of all emotional experiences. An inability to let go often expresses itself in the body that can be blamed for low immunity. Intonga Amasatchi is a deep tissue and stress relieving treatment. Skillful movements are performed with the hands, and differently sized wooden sticks are used to stretch tight muscles and ease toxic overload from daily stress. Symbolically, the stick or staff represented wisdom and direction to the healer. Created from yellow wood, the traditional healer knew that the energy of earth was a valuable tool.

SAKINA Aqua Salt Stone Massage

60 mins (Full Body)

90 mins (Body & Face)

This signature treatment is a therapeutic massage combined with water jet therapy to increase circulation and promote lymphatic drainage. Bespoke nourishing and aromatherapy oils are blended and warmed before working into the skin and hair. The combination of water with massage has a wonderful cleansing effect, while hot and cold stones are used to re-mineralise the skin and create balance.

BODY RITUALS

SAKINA Scrub

45 mins

This wonderfully traditional scrub is based on the Swahili wedding ritual and uses aromatic oils infused with sugar to fragrance polish and rejuvenate the skin.

SAKINA Sunburn Soother

60 mins

Rose tonic is sprayed generously over the body to help calm redness followed by a cooling and soothing application of rooibos and lavender, which is a powerful antioxidant and anti-inflammatory, to remove excess heat. Combined with a facial cleanse and aloe ferox serum and seaweed extracts to calm and rehydrate the skin. While your skin is being restored you can choose between a therapeutic foot or scalp massage.

Slimming Detox Body Wrap (Not suitable for pregnant clients)

120 mins

For beach ready bodies! We use an African plant combination infused into a natural mud to help with circulation and lymph drainage. This very effective clay contains carnitine and caffeine, which act as fat strippers and mobilisers to stimulate lipolysis. This invigorating wrap begins with stimulating and exfoliating, working on circulation and lymph before the warm wrap is applied and heated. This wrap works particularly well for bodies in need of a detox owing to acidic conditions, arthritis and oedema. Completed with an energy balancing massage.

Hypoxis Body Experience®

120 mins

Our pure and natural Hypoxis Body Wrap is anti-ageing skin conditioning formulated with African potato and marula oil, warmly applied to soften, soothe and improve skin hydration while also fighting free radical damage. This herbal blend relaxes you on application, while the rich background sounds of Africa help the mind focus on the holistic experience. Enjoy a traditional foot ritual and deeply relaxing scalp massage while the wrap is melted into the skin. Finally, there is a soothing massage with body-conditioning marula oil, which creates a natural barrier to hold in moisture and improve collagen and elastin, to complete the experience.

Coffee and Mint Body Wrap (Suitable for pregnant women, and clients with high blood pressure.)

120 mins

Once the body has been prepared with our walnut and marula shell exfoliator, our proven combination of coffee extract combined with spearmint is applied as a mud wrap, which sets on the body to stimulate lymph drainage and blood flow together with toxin elimination. This wrap is particularly helpful in water retention and cellulite reduction. It is highly recommended as part of a lymph draining treatment.
